

TENTATIVE BOARD MEETING DATES

2010 RECREATION GUIDE

***** All activities subject to change *****

Due to budgetary cutbacks the Recreation department will officially be closed on July 11 with the exception of these functions, which are under contract and will continue to take place.

The game room, after July 11, will be closed until we have a set schedule with volunteers approved by the resort manager to run the game room.

During the process of finding volunteers, and any days we do not have volunteers, the game room equipment may be checked out at the café with the café staff. All of the same procedures and rules will follow. Also, miniature golf clubs and a few other items may be checked out at security.

It is my intention to make sure during the summer we have volunteers to maintain the game room.
